"Great program and Bible Study. Thank you!"

"Before attending Christown Women's Bible Study, there was a power struggle going on in our home. I was in charge and wondered why my husband wasn't doing all the things a husband "should" do. What a relief it was when I learned that I was trying to carry a burden that was not mine. Once I was willing to put my trust in God and in His plan for the family, I found the happiness that I had dreamed of. There is bountiful wisdom and priceless experience available every week at Christown Women's Bible Study. It's unlike ANY women's Bible study you have ever attended."

"I consider that Christown is one of the higher privileges and blessings that God has graciously allowed me to be a part of. I thank Him and each one of you!"

"This Bible Study and these women are such a blessing and encouragement to me. Thank you!"

"My friend's husband and my husband worked together, so we spent a lot of time together socializing. We talked of babies and marriage, but many times we just complained about our husbands. Those poor guys - by the time they got home from work (working hard to provide for us!!), we were angry at them! I heard about Christown Women's Bible Study. I came and learned how to be a loving and supportive wife. My friend didn't want to come with me. Sadly they divorced. Thursdays have become my husband's favorite day! I am so much happier, and so is he. We've been married now 34 years, and as Naomi says, it just gets "gooder and gooder."

"A great place. Thanks!"

"As Carol says, 'I LOVE THIS PLACE!' "

"This has been such a difficult year for our family. I'm so grateful that I could be here to listen and meet precious women. I know God has used Christown Bible Study lessons and women to lift me above the circumstances and carry me through. God bless each one who works so mightily to keep Christown moving forward. Blessings on the tape ministry. Thank you!"

"I love Christown Women's Bible Study. It has totally been a blessing to me. God has done so many miracles in my life and marriage because of the faithfulness of Naomi and the other leaders!"  
Ronda H., Phoenix, AZ

"Wow! What a blessing this ministry has been to me! In the short time I have been attending, I have benefited from the wisdom and guidance of godly women. The encouragement and support received here is so valuable for a woman who is seeking a Christ-centered home."  
K.S., Phoenix, AZ

"Christown Women's Bible Study welcomes you with open arms and accepts you without question, no matter what is happening in your life! I have gained a greater understanding of the Bible and have strengthened my marriage because of Christown Women's Bible Study."  
S. Keller, Phoenix, AZ

"I love coming to Christown Women's Bible Study, but unfortunately I don't get to come every week. When I do, though, it makes a huge difference in my day and in my family's day. It continues to remind me to turn to the Lord for my strength, to love my husband, and to let him know it! My husband loves when I come and tells everyone the difference he notices in me. Bottom line - if you can't come every week, so what. Come when you can, and it still works!"  
JC, Phoenix, AZ

"This Bible study is only for women who want a strong marriage and a strong family. This study has done that for me. I listen to tapes and attend every week because it reminds me how God changes my heart toward my husband and my children if I desire it."  
Rhonda V., Phoenix, AZ

"Christown Women's Bible Study has changed my entire future. I've always wanted to share my godly relationship that I have with my husband. I am going to teach Titus 2:3-5 to pastor's wives in Mexico. I am a part-time missionary. My dream is to share it with all women in Mexico."
